Tokyo Electron at a Glance

Semiconductor Production Equipment

Tokyo Electron develops and manufactures a broad range of superior semiconductor production equipment, and complements its original lineup by distributing high-value-added products from other suppliers.

**Original Products**
- Electrodeposited (P) - PVD systems
- Single wafer CVD systems
- FPD systems (displaying systems)
- Coaters/developers
- Spin-on dielectric systems
- Etch systems
- Cleanroom cleaning systems
- Filler systems
- Fully automatic water processors
- Stable level burn-in & test systems

**Distributed Products**
- FEI Company
  - Wafer-level burn-in & test systems
- LuxN, Inc.
  - Fully automatic wafer processors
- L-3 Communications Corp.
  - Etch systems
- BF Goodrich Aerospace
  - Spin-on dielectric coaters
- BAE SYSTEMS
  - Carrierless cleaning systems
- Advanced Digital Information Corp.
  - Etch systems
- Extreme Networks, Inc.
  - Film metrology tools
- Extreme Networks, Inc.
  - SEMiconductor devices
- Xilinx, Inc.
  - Fully Automatic wafer processors
- Xicor, Inc.
  - SEMiconductor devices
- Woodhead Industries, Inc. (SST Div.)
  - LCD coater/developer systems
- WESTTEK, L. L. C.
  - LCD coater/developer systems
- VenturCom, Inc.
  - LCD Plasma etch/ash systems
- Tundra Semiconductor Corp.
  - LCD Plasma etch/ash systems
- Trillium Digital Systems, Inc.
  - LCD Plasma etch/ash systems
- Dover Corporation
  - LCD Plasma etch/ash systems
- ON Semiconductor
  - LCD Plasma etch/ash systems
- Motorolla, Inc.
  - LCD Plasma etch/ash systems
- Mindspeed Technologies
  - LCD Plasma etch/ash systems
- Microsoft Corp.
  - LCD Plasma etch/ash systems
- Metrowerks, Inc.
  - LCD Plasma etch/ash systems
- Linear Technology Corp.
  - LCD Plasma etch/ash systems
- Interto Inc.
  - LCD Plasma etch/ash systems
- Intersil Corp.
  - LCD Plasma etch/ash systems
- Integrated Device Technology, Inc.
  - LCD Plasma etch/ash systems
- Fujitsu Media Devices Ltd.
  - LCD Plasma etch/ash systems
- Fujitsu Quantum Devices Ltd.
  - LCD Plasma etch/ash systems
- Fujitsu Microdevices Co., Ltd.
  - LCD Plasma etch/ash systems
- Eicon Technology Corp. (Trisignal Div.)
  - LCD Plasma etch/ash systems
- Digital Electronics Corp.
  - LCD Plasma etch/ash systems
- Dialogic Corp. (an Intel Company)
  - LCD Plasma etch/ash systems
- Dallas Semiconductor Corp.
  - LCD Plasma etch/ash systems
- Cosel Co., Ltd.
  - LCD Plasma etch/ash systems
- Conexant Systems, Inc.
  - LCD Plasma etch/ash systems
- Agilent Technologies, Inc.
  - LCD Plasma etch/ash systems
- Advanced Micro Devices, Inc.
  - LCD Plasma etch/ash systems

**Computer Network**

In order to fulfill its goal of providing solutions tailored to user needs, Tokyo Electron distributes storage area network and Internet related products for broadband solutions to offer comprehensive system solutions.

- Computer systems
- SAN products
- Data management software
- Semiconductor & LCD devices

**Electronic Components**

Tokyo Electron selects and offers the world’s best products from leading suppliers. With a full product lineup and flexible technical support, the company provides total solutions to meet diversified user needs. Operations are handled by actively owned subsidiary Tokyo Electron Device Co., Ltd.

- Power products
- Detector products
- Memory products
- Semiconductor devices
- Board products
- Components
- Software

Leveraging the technology and expertise accumulated from its semiconductor production equipment business, Tokyo Electron has created a strong lineup of leading-edge LCD production equipment.

**Original Products**
- LCD coater/developer systems
- LCD plasma etch/ash systems

**Notes:**
1. The Computer Systems Division was renamed the Computer Network Division on March 31, 2001.
2. Product names and company names are trademarks or registered trademarks of their respective firms.
