Pursuing Technological Innovation and Customer Satisfaction

In November 2013, Tokyo Electron (TEL™) will celebrate the 50th anniversary of its founding. Since its founding in 1963, the Company has continually stayed one step ahead of the times through technological innovation, adapting its business model to meet the latest needs of the market. As we enter the mobile and big data era, the electronics market is beginning a new period of growth. Looking ahead to Tokyo Electron’s next half century, we will strengthen technological development to further increase corporate value.
